

THE LARGEST FLOWER SEEDHOUSE IN THE WORLD.

PLEASE REMEMBER I HAVE NO CONNECTIONS WHATEVER WITH ANY HOUSE IN THIS CITY OR ELSEWHERE.

275000 CATALOGUES FOR MY CUSTOMERS IN 1900

THOSE who receive a copy of this book have either sent an order the past season for my Flower Seeds, or their names have been sent me by some friend who said they were interested in beautiful flowers. If you wish copies sent to friends who have never planted my seeds, I will do so with pleasure, on receipt of their address, FREE of charge.

HOW TO REMIT MONEY. Always send money by one of the following methods. Post Office Order, Express Meney Order, Registered Letter or Bank Draft, and if the order is lost or stolen, your money is safe—I especially request my customers to remit money in this way, and I will allow you to select seeds to the cost of the Money Order, Registered Letter or Draft, providing your order amounts to 50 cents. Do not send postage stamps, unless you have no other way of remitting amount; and when you do, two-cent denomination preferred, and Register them. If money is sent any other way than specified above it is at the risk of the sender. Our Canadlan patrons need have no hesitancy about remitting Canadian stamps, as we receive them the same as cash—at full face value.

POSTPAID. All seeds sent postpaid and safe arrival guaranteed; all orders received to the amount of \$1.50 and upwards willbe forwarded by Registered Mall to purchaser's address, which costs me 8 cents extra, but insures the safe arrival
of your seeds. Please sign your name and full address on each and every letter you send.

Quantity of Seed in a Packet. Customers will please note I state number of seeds in a packet, which will enable those wishing to plant borders and beds of a certain length or size to calculate the number of packages required. Full Count Guaranteed. No less quantity than a package can be sold.

30 CENTS worth of seeds extra allowed ONE DOLLAR; 15 CENTS worth on all orders 50 CENTS. This Ilberal premium is the same as 30 per cent. discount, but must be selected in seeds and order for premium must accompany original order for seeds.

FLORAL CULTURE. Containing full cultural directions and points how to grow flowers from seeds, mailed free with every order.

Over 5000 letters received in one day's mail; this does not include postal cards or newspapers, but letters containing orders for flower seeds.

I DO NOT DEAL IN PLANTS, BULBS OR VEGETABLE SEEDS OF ANY DESCRIPTION.

MISS'C. H. LIPPINCOTT,
MINNEAPOLIS, MINN.,
FLOWER SEEDS EXCLUSIVELY.

يو يو GREETING FOR 1900 يو يو

I wish it were possible for me to personally thank my patrons for their many kind expressions and good wishes for my success, as well as their very liberal patronage. I have put my Flower Seeds on the market at the very lowest prices possible to insure thoroughly good seeds. There may be seeds offered cheaper or a greater quantity for the money, but please remember the quality of the seeds must be sacrificed in order to do so. This is my eighth little catalogue that has gone out to the flower-loving people, trying to introduce my seeds, and so far has been very successful in its mission.

I have always avoided over-drawing illustrations, and over-stating facts in my catalogue, as hundreds of testimonials sent to me will prove.

Thanking you all most cordially for past favors and trusting you will favor me with future orders, which shall have prompt and careful attention. I am very sincerely yours,

CARRIE H. LIPPINCOTT.

N. B.—Please bear in mind I have no connection whatever with any other Seed House in this city or elsewhere.

New Comet Aster.

NEW COMET ASTER.

The plants of this new variety are perfectly true in character, growing twelve to fifteen inches high and covered with large, double flowers, as shown in the illustration. The flowers measure from 3½ to 4½ inches in diameter, resembling in shape and artistically curved and twisted petals, the floest Chinese Chrysanthemums. Mixed colors. Pkt., 75 soods, 5 ots.

COMET.—pure white. Pkt., 60 seeds, 6 cts. COMET.—deep scarlet. Pkt., 60 seeds, 6 cts. COMET.—light blue. Pkt., 50 seeds, 8 cts. See illustration outside back cover.

Mrs. Rosalia Blanchard, Elysia, Ohlo, March 31, 1899, writes:—My Aster seeds I got from you last year were elegant, I never had finer, they were nearly equal to Chrysanthemums.

One of the most perfect and deservedly one of the most popular of all Asters; very double, large and beautiful flowers, with incurved petals; height, 18 inches to two feet; nearly thirty distinct celors, mixed. Pkt., 100 seeds, 4 ets.

PERFECTION.—snow white. Pkt., 75 seeds, 5 ets.
PERFECTION.—pink ball. Pkt., 75 seeds, 5 ets.
PERFECTION.—crimson ball. Pkt., 75 seeds, 5 ets.
PERFECTION.—blue shades. Pkt., 75 seeds, 4 ets.

Mrs. Lulu Boll, Lincoln, Ill., April 10, 1899, writes:—My flowers last summer were beautiful. My Gobaca Scandens were praised by all who saw them. I am sure it grew 70 feet high and was covered with bloom.

Magnificent flowers, massive and showy, with regular overlapping petals clear to the center. The flowers measure four inches and over across, and are of rich and varied colors. The plants grow very evenly, pyramidal in form, about eighteen inches high, and carry from twenty-five to forty flowers. Over twenty colors, mixed. Pkt., 100 seeds, 5 cts.

VICTORIA—saow white. Pkt., 75 seeds, 4 cts.
VICTORIA—bright pink. Pkt., 75 seeds, 4 cts.
VICTORIA—dark crimson. Pkt., 75 seeds, 4 cts.
VICTORIA—bine shades. Pkt., 75 seeds, 4 cts.

Mrs. Lillie Egler, Tipton, Ind., Feb. 8, 1899, writes:—I was much ploased with the flowers grown from your seeds last year, especially the Cobea Scandens were boautful.

New White Branching Aster.

NEW WHITE BRANCHING ASTER.

The magnificent, large, double white flowers, quite four inches in diameter are borne upon long stems, making them excellent for cutting. It is quite different in several respects from axters known, and it is only necessary that the character of the plants should be known to make it a favorite with amateurs and florists. Pkt., 100 seeds, 5 cts.

ASTER, QUEEN OF SPRING.

Of graceful spreading habit, and blooming from two to three weeks earlier than any other aster, mixed colors. Pkt., 75 seeds, 5 cts.

NEW QUEEN ASTER.

Very dwarf, bushy plants, growing from ten to twelve inches high, excellent for pot culture as well as for bedding. The flowers are of extraordinary size, perfectly double and resemble the finest Victoria Asters in form. Finest mixed. Pkt., 100 seeds, 5 cts.

ASTER, FIRE KING.

The Mest Brilliant Aster Ever Introduced

And the nearest approach to scarlet yet obtained, a color previously unknown to this popular flower, which for an autuma show of flowers few others equal. Habit very compact, and more than twelve inches in height, with large, beautifully incarved flowers, and makes a charming companion to "SNOW BALL." Pkt., 100 seeds, 5 cts.

ASTER, SNOWBALL.

A Most Distinct and Handsome Variety Equally Valuable for Pot Culture and Cut Flewers.

It is a most profuse bloomer, a single plaat often producing as many as twenty-five to thirty pure snow white flowers, globalar in form and of extraordinary size. Pkt., 100 seeds, 5 cts.

NEW YELLOW ASTER.

The form of the double flower is a perfect ball, the quills are close together and of the brightest sulphur yellow, act a mere indication of the color, as ia all former productions. The border petals are broad and of a lighter tiat, seeming to enclose the flower like an old-fashioned bouquet paper. The flowers are borne upoa loag, erect stems, excellent for cutting. The plaats, twelve to fifteen inches high, are of compact, bushy growth, and most abundant bloomers. Pkt., 100 seeds, 5 ets.

ASTERS, FINEST MIXED.

Of all the best varieties, such as Victoria, Perfectioa, Comet, Harlequin, New Queea, etc. Pkt., 150 seeds, 6 ets.

ASTERS, GOOD MIXED.

Maay bright colors. Pkt., 100 seeds, 3 ets.

HARLEQUIN ASTER.

A striking Aster of great beauty, upright habits and profuse bloomer. This aew race produces odd flowers of the most handsome and attractive appearance, and coatiaues in bloom a long time. In the gardens of Paris they are considered the alost valuable of all varieties on account of their loug duration in bloom and remarkable bright and conspicuous colors. Composed of pure white petals, quaintly interspersed in irregular manner, with deep blue and bright red petals. Pkt., 100 sands. 5 cts.

ANCHUSA CAPENSIS OR CAPE FORGET-ME-NOT.

A hardy annual of more than ordinary beauty. It grows about two feet high, branching freely and bearing a profusion of the most lovely flowers, similar in all respects to the Forget-me-not, though the blossoms are much larger and of finer color. It is always taken for a beautiful, large-flowering Forget-me-not, and for bouquets and cut flowers it is indeed superior to it. Its color is a deep, clear, brilliant blue with a pure white eye; one of the rarest and most lovely shades of that color. It blooms early and continues all summer. Pkt., 100 seeds, 3 ots.

Arabis Aipina.

ARABIS ALPINA.

The pure white flowers grow so uniform and thickly that it gives the effect of a sheet of snow. Plants perfectly hardy. The earliest, prettiest spring flower. The spreading tufts are densely clothed with neat, lively green leaves and covered with pure white flowers of the most lovely effect, conspicuous in great distance, especially in large masses on rockeries or broad edgings for parkroads, having the advantage of braving the greatest drought during summer and always looking neat. Pkt., 150 seeds, 4 cts.

Miss A. Proudfoot, London, Canada, April 7, 1899, writes:—I was delighted with the Wallflower I had from you last year, also with the everlastings.

Abutlion.

ABUTILON, FLOWERING MAPLE.

A very papular perennial sbrub with bell-shaped, drooping flowers; well adapted to house culture, easily raised from seed, and if sown before April, under glass, plants will bloom the first season. For winter flowering, plant in September. Finest mixed. Pkt., 20 soods, 5 ots.

AMBROSIA.

A bardy annuel with long spiral stems, bearing an abundance of small round, greenisb-yellow buds and blossoms which are exceedingly tragrant. It is as desirable as the Rose Goranlum as a plant with fragrant foliage, end for making up into bouncets and other flarm work. Its long, beautiful, fringy spirals of lovely green are unsurpossed. It is one of the easiest plants ta grow, and seed may be sown early in open ground. Pkt.. 250 seeds, 4 ots.

Angel's Breath, or Gypsophila.

ANGEL'S BREATH, OR GYPSOPHILA.

An annual that should be in every garden, for it thrives everywhere, and furnishes the lovellest material for all kinds of bouquets. The tiny little flowers are borne in abundance on long, graceful, branching stems which lend a most graceful, light appearance to any bunch of flowers. Pkt., 250 soods, 3 ots.

AQUILEGIA, OR COLUMBINE.

Very handsome, ornamental, hardy perendal plants of easy cultivation and bearing in profusion large flowers of novel shape and in a great variety of color. Double Mixed. Pkt.. 100 seeds 3 ets.

Alyssum, Little Gem.

ALYSSUM, LITTLE GEM.

The plants are very dwarf, each spreads so as to completely cover a circular space twelve to twenty inches in diameter. They soon become one mass of white, remaining in full bloom from spring to full—being densely standed with the beautiful miniature spikes of deliciously fragrant flowers. Pkt., 200 seeds, 4 cts.

ALYSSUM, SWEET.

Its pure white fragrant flowers are produced from early spring till killed by frost; very asful in all kinds of bouquets. Note—For a Cemetory Plant, nothing is more sultable than Sweet Alyssum—requiring but little cure and attention, and a continuous binomer throughout the summer. Pkt., 200 seeds, 3 cts.

Acroclinium.

ACROCLINIUM, (EVERLASTING).

One of the most beautiful and valuable of the everlasting flowers, called by some "Pink Daisies," very effective in borders during the blooming season, and possesses the additional advantage of being nvailable for winter decoration for which purpose it is now extensively grown. The densely double flowers are faultless both in shape and color; the flowers are somewhat larger than the single, and, from the seed I offer, about 75 per cent will be double. Pkt., 50 seeds, 3 cts.

CRAB'S-EYE VINE (ABRUS PRECATORIUS).

A most beautiful climber, either for poteulture or the open ground in summer; bears clusters of hright yellow flowers, followed by bunches of pods, which, when dry, burst open, disclosing brillinnt red seeds with black eyes, used for making hends and other ornaments, for which purpose they are exceedingly pretty. Pkt., 15 seeds. 6 ets.

ANTIRRHINUM, TOM THUMB (Snapdragon).

Very dwarf, growing only eight inches high, thickly studded with beautiful pikes of gey colored flowers, orange, scerlet, rose-white, marcon, striped, etc. Pkt., 250 seeds, 3 cts.

ANTIRRHINUM, NEW GIANT.

Flowers double the size of the older sorts, more closely set on the stems and colors more cleer and brilliant. Plants very compect end bushy, growing about twelve inches high. All colors mixed. Pkt., 200 seeds, 5 cts.

ANTIRRHINUM, QUEEN OF THE NORTH.

The finest end most beautiful of all the Snapdragens. The plants grow into handsome regular bushes, twolvo inches high, covered with large white flowers of n delicious sweet perfume. Suitable for bedding or pot culture. Pkt., 150 seeds, 5 cts.

Ageratum.

AGERATUM, IMPERIAL DARK BLUE.

A plant that blossoms constantly all summer in the garden and makes a pleasing contrast of color with more brilliant varieties. I offer seed of the new imperial Dark Blue as best and most showy. Pkt., 200 seeds, 3 ets.

AGERATUM, DWARF WHITE.

A new variety, very dwarf and compact, pure white. Pkt., 200 seeds, 4 cts.

Mrs. O. E. Harper, Danvillo, Ill., March 7, 1896, writes:—I have bought seeds of you for three years. Am so well pleased with them. They are FAB BETTER than you claim. Last summer my Pansies were the admiration of all who saw them. I planted my seeds in a hot bed March 17th, and they were one mass of bloom from June until November. My Asters were beauties.

ASPARAGUS VERTICILLATUS.

A beautiful climber, having feathery foliage and red berries; grows to a height of ubout 12 to 15 fect. The foliage is a deep glossy green, is excellent for screens, as it grows vory rapidly. It is perfectly hardy. Seeds should be planted in early spring in the house. Pkt., 10 seeds, 8 cts.

ASPARAGUS SPRENGERI.

New. Perhaps the best new plant introduced within ten years. Highly praised everywhere; handsomest soon drooping from a pot or basket. Sprays 4 to 6 feet long, of fresh, green, fenthery foliage; useful for bouquets, wreaths or snrays, remaining perfect for weeks after cutting. Grows freely the whole year round; extremely valuable for all purposes. Flowers white, followed by red berries. Pkt., 10 seeds, 10 cts.

BALSAM APPLE.

A beautiful climbing plant with apple-shaped fruits, which, if preserved in alcohol, make the most useful liniment. Pkt., 10 seeds, 3 cts.

Bird of Paradise.

BIRD OF PARADISE (POINCIANA GILLESI).

The color of the flower is golden yellow, measuring two and a half inches across, with shape as shown in illustration, and are produced in very large trusses. The most beautiful part of the flower is the large pistils which are spied out in fan-like form, and are of bright crimson color. The foliage is also highly decorative, reminding one of a very delicate Acacia. If the seed is started early, it will produce blooms in great profusion the first year. Pkt., 15 seeds, 8 cts.

BEAN, SCAΩLET RUNNER. A Favorite Old-Fashioned Climber.

One of the very few benns that is both ornameatal and useful. It grows rapidly to a height of tea or twelve feet, and is covered from July until heavy frost with clusters of beautiful searlet flowers. Pkt., 10 seeds, 4 cts.

Defiance Baisam,

DEFIANCE BALSAM (LADY SLIPPER).

The most perfect in form and largest double flowered Balsam yet developed, and by careful growth and selection has attained a standard that will be found hard to improve. The Mixture, which I offer, is composed in nearly equal proportions of eight colors, Rose, Rose White, Spotted Pink, Scarlet, White Tinted Violet, White Spotted, Scarlet White, Spotted and Purple; each having been grown separately. Pkt., 30 seeds, 4 cts.

BALSAM.—Good Mixed, A splendid strain, good colors and large double flowers; not equal to "Defiance," but gives

good satisfuction. Pkt., 30 seeds, 3 cts.
Miss Lelle Narris, New Moscaw, Ohla, March 16, 1

Miss Lelle Narris, New Moscaw, Ohla, March 16, 1899, writes:—I was your mach pleased with the seeds I received from you last year. As lang as your seeds are kapt to their standard of axcellence, I shall use them, and hay no athers. I recommend your seeds every time I get a chance. My Sweet Peas and Nasturtiums were the admiration of all.

BACHELOR'S BUTTON.

Blue. Pkt., 50 seeds 4 cts.

BRYONIA, LACINOSA.

A beautiful climbing annual of rnpid growth and easy culture, with handsome cut-leaved foliage bearing attractive green fruits which chauge in color as the season advances, to hright scarlet striped with white. Pkt., 20 seeds, 3 cts.

Free Premiums.

In addition to the liberal Premiums offered on inside of front cover, we will allow you to select FREE one pkt. of the Sweet Peas on colored plate on all orders of 50 cts, or any two of the packets on orders of 75 cts, and all three pkts. will be sent on orders amounting to \$1.00 or over. This is in addition to the selection of 30 cts. worth of seeds as offered in regular premiums or inside of front cover.

BACHELOR'S BUTTON, SINGLE.

Mixed, including dark, and light blue, purple, pink, rose, white, etc. Pkt., 50 seeds, 3 ets.

Bachelor's Button. BACHELOR'S BUTTON, DOUBLE.

It has seen so perfected that fully eighty per ceut, of the flowers are double and semidouble; are also increased in size and present many hright colors and distinct markings which have lither to been unknown in this old fashloned favorite flower. Pkt., 50 seeds, 4 ets.

Chas. A. Leim, Riploy, Ohio, Feb., 4, 1899, writes:—I beg ta camplimant you an your neat and handsome catalogua and on your sensible worded profaca.

BEGONIA REX.

Beantiful foliage, justly celebrated as the finest of ornamental pot plants, superb large lonves, of exquisite and rich coloring. Pkt., 50 seeds, 10 ets.

BEGONIA.—Tuberous rooted, single mixed. Seed saved from finest colors. Pkt., 100 seeds, 8 ets.

BEGONIA.—Tuberous rooted, double mixed, from the finest and host colors. Pat., 50 seeds, 10 ets.

BEGONIA VERNON.

One of the most satisfactory pot plants for the house; and a popular bedding plant for the garden or lawn. It blooms with the greatest profusion throughout the summer. Flowers a brillant orange carmine with hright yellow centers, and the foliege waxy and glossy. It is easily raised from seed, and comes a hsolut-ly true. Valuable for hedding and general culture. Pkt., 100 seeds. 4 ots.

CHINESE LANTERN PLANT. (PHYSALIS FRANCHETTI).

The plant produces numerons, large, inflated husks, much the shape of Chinese lanterns, at first a beautiful green color, changing to a yellowish hue and then to hrightest scarlet, and as they hang suspended among the green folioge they present a most novel and strikingly beautiful appearance. Branches cut and dried retain their rich and hrilliant color, and make most heautiful winter houquets when used with dried grasses or leaves. The plant grows from one and one-half to two feet in height. Treated like a Tometo It grows and fruits freely from seed the first season, yet the plants ere perennial and may be wintered in the cellar or grown in pots as a window plent. Pkt., 30 seeds, 6 cts.

CARNATIONS (PERENNIAL VARIETIES).

Indispensable plants for both pot culture in the greenhouse, window garden and open ground culture in summer; of innumerable colors and delicious perfame. The plants may be set in the open ground during the summer, where they will flower as profusely as when grown in pots in the house. Half hardy perennials.

DOUBLE MIXED, producing many double flowers of all shades and colors. Pkt., 50 seeds, 6 cts.

EXTRA FINE DOUBLE MIXED, soeds saved from the finest and choicost German, French, Italian and English stocks. Pkt., 50 seeds. 8 cts.

GRENADIN SCARLET, very early, habit dwarf and compact, brillingt double scariet flowers. Pkt., 50 seeds, 8 ets.

GRENADIŃ WHITE, donble early flowering, white. Pkt., 50 seeds, 8 cts.

Coccines Indica.

COCCINEA IN-DICA.

A remarkably protty climber. Ivy-like foliage, bright and iuxuriant, nover two bright and iuxuriant, and admirably adapted for trollises, nrbors, etc. The small flowers are soon followed by numerous fruits two inches iong, which turn to brilliant scarlot, spotted with white, rendering the viac yery protty. Pkt., 20 seeds, 4 ets.

Mrs. F. E. Wolcott, Sloux City, Iowa, July 21,1899, writes; Will you kindly tell me the name of the enclosed flower it was Schilzenthus. It is one of the prettiest blossoms in my garden, and come in your twenty-five cent collection, which, by the way has proved one of the best collections for the money I have ever honght, the popples are also very line.

A magnificent new class of Carnations that will bloom in four months after sewing the secd. They are without exception the most abundant bloomers of all the "plake," The flowers are of brilliant colors, ranging through anany beautiful shades of rods, plaks, white, variogated, etc. It is a most valuable acquisition, as Carnation flowers can be ind all summer and winter, if consecutive sewings are made. Pkt., 50 seeds, 4 ets.

CENTROSEMA GRANDIFLORA.

A hardy perennial viae which will bloom in June or July from seed sown in April, and boars in the greatest profusion invorted, pea-shaped flowers from 1½ to 2½ inches in diameter, ranging in color from a resy violet to a reddish purple, with a broad feathered white marking through the center, while the iarge buds and back of the flowers are pure white, making it appear as if one plant bore many different colored flowers at one time. Pkt., 20 sssds, 4 ets.

Canary-Bird Plower.

Candytuft, Snew Oueen.

CANDYTUFT, SNOW QUEEN.

A valuable and distinct species of great beauty. It is on annual veriety and grows very rapidly, quickly coming into bloom, remaining in full flower for about three months. It bears but little foliage, and the mess of white produced makes it useful for borders. Pkt., 100 seeds, 4 cts.

CANDYTUFT. NEW CARMINE.

A dwarf annual with beautiful carmine flowers, blooming profusely throughout the season. Pkt., 100 seeds, 4 ets.

CANDYTUFT, MIXED.

All colors. Pkt., 200 seeds, 3 cts.

CANARY-BIRD FLOWER (Trepaeelum Canariensis).

One of the most beautiful annual climbers, with bright green foliage, delicately cut and very ornamental. The flowers are bright golden yellow, bearing a fanciful resemblance to birds with expanded wings. Succeeds best in a cool slightly shaded situation; also does well as e pot or basket plant for the window or conservatory. Pkt., 25 seeds, 4 ets.

CROZY'S NEW DWARF CANNAS.

One of the most popular of bedding plents, while even single specimens are most attractive in the garden. They will bloom the first year from seed, if you soak them in boiling water overnight; sow singly in smell pots as soon as convenient, and grow as rapidly as possible. The roots can be kept in the cellar over winter and each elump will give six ta eight good roots for planting out the following spring. Pkt., 12 seeds. 4 cts.

CANNAS, TALL. Old Typo.

A mixture of all the best tall growing varieties. Pkt., 12 seeds, 3 cts.

CALLIOPSIS, OR COREOPSIS SINGLE.

Very handsome and showy plants of the ensiest culture require no cere and thrive in any garden. Produce flowers in nearly every shede of yellow, orange, crimsan, red, hrown. It is one of those flowers which will grow in any situation and always be greatly edmired Mixed colors. Pkt., 200 seeds. 3 cts.

CALLIOPSIS, New Double.

A hendsome double variety, flowers of a rich golden yellow color, with wine-maroon spots. Pkt., 200 seeds, 4 cts.

NEW CENTAUREA MARGUERITE.

The most Fragrant and Longost Kooping Cut Flower.

One of the most valuable introductions of late years. The flowers are the size of a medium Caraation, freely produced an long stems, which renders them valuable far cutting; calar pure white, pale sulphuryellow and lavouder. The flawers are sweet secated, and their lasting quality after help cut is remarkable. The plants grow chanteighteen inches high and ere of the caslest culture; from spring sows seed they cammouce to flawer is July and continue ustil late in the autuma. This navelty is catively distlact from all other Contanreas, and undoubtedly the mast beautiful variety knawn. Mixed colars, Pkt. 50 seeds, 4 cts. Pure white. Pkt., 40 seeds, 5 cts.

COSMOS HYBRIDUS.

Seed sown in April or May and transplanted to open ground will produce plants five or six feet high by September, and from then till November will be covered with hundreds of blossoms three inches across, resembling single Dahlias. All colors mixed. Pkt., 100 seeds, 4 cts.

COSMOS, WHITE PEARL.

Large, pure white flowers, very valuable for florists. Pkt., 75 seeds, 4 cts.

COSMOS, PURE PINK.

Beautiful large flowers of a elear, delicate pink color. Pkt., 75 seeds, 4 cts.

CYCLAMEN, PERSICUM.

Well known bulbons-rooted plants, universal favorites as pot plants for winter and spring blooming, produring handsome red and white flowers, with beautiful variegated foliage, in different shades of green. The seed should be sown in the spring, and by autumu will produce a bulb which will blossom the following spring. Mixed, Pkt., 20 seeds, 5 cts.

CYCLAMEN GIGANTEUM.

Flowers of extraordinary size, and of great substance. The leaves are proportionately large and beautifully marked. Pkt., 20 seeds, 8 cts.

CYPRESS VINE.

A most beautiful vine with delicate fern-like foliage and beautiful star-shaped rose, scarlet and white flowers. Seed very slow to start growth. All colors mixed. Pkt., 50 seeds, 3 cts.

Miss Minnie Hagy, Oanton, Ohio, Feb. 12, 1899, writes:—We were all well pleased with our seeds last year, the Cosmos were levely, the plants were as high ne our summer hease, and the flowers were beautiful.

W. O. Thomas, Lincoln, Neb., Merch 22, 1899, writes:—We were very pleased with your seeds last your, nnd I sent a percei of them to a friend in the south of France who wes delighted with them, they thrived amezingly in their temperate olimats.

Cineraria, Hybrida.

CINERARIA, HYBRIDA.

One of the most popular of all greenhouse plants, and what a splendid display they make wheu well grown. I know of no plant so easily grown as the Cineraria. The secret of growing well is to grow fast; never allowing them to receive a check either from being pot-bound, dryness of root, or attack of insects; the cooler they are kept the better. In colors they range from crimson, magenta, violet. purple and variegated. Large flowering mixed. Pkt., 100 seeds, 8 cts.

CLIANTHUS DAMPIERI (GLORY PEA).

One of the most gorgeous plants in cultivation, with clusters of pea-shaped bright scarlet flowers, each flower marked with intease black spots in the center. Plant grows about three feet high. Pkt., 15 seeds, 6 cts.

July 28, 1899.

Doar Miss Lippincott,

Last spring I seat six cents for your ad-Flower Seeds, for which I received three popers of Ohoice Seeds that have given ontirosatisfaction. From the one paper of Pansy Soods I got tweaty-three good thrifty plants. At the proper time I transplanted thom, and now I have in bloom a variety of twelvo different colors, including pure white and jot black, all of which are very much admired. The last plant to bloom brought forth a comblastica of orango and brown of vory largo size and volvoty toxture. The Nasturtiums oro n perfect wonder of variety and lovolinoss, ranglag la color from delicato buff to darkost maroon, sixtoon dif-foront chades, dis-tinotly marked. Tho Sweet Pone are just bogianlug to bloom and give proailse of bountiful supply. I nover bought sood that gave botter satisfaotlon, and think It due you to express appreciation.

Most truly yours,
Mrs. R. A. Huntley,
Powned City,
Nebrasko.

Cobma Soandons.

COBÆA SCANDENS.

A beautiful, large, bell-shaped flower, green at first, but rapidly changing to a beautiful deep violet blue. A well established plant will run thirty to forty feet in aseason. Pkt., 12 seeds, 4 ots.

CALENDULA, DOUBLE YELLOW.

Flowers extra large and very double, slightly imbricated, while those of the center are incurved like the petals of a Pæony. Color, bright golden yellow or orange. From seed sown in the open ground it comes into flower early. Pkt., 100 seeds, 3 cts.

CALENDULA, DOUBLE WHITE.

Similar to the yellow except in color, which is pure white, and flowers smaller. It is equally as free blooming, and the fine donble flowers are very showy. Pkt., 100 seeds, 3 cts.

Miss Gortie Shier, Ricktone, Canada, March 24, 1899:—We have bought seeds of you for the past two seasons and find they give good satisfaction. Our Fire King and Snowball Asters were admired by all who saw thom.

CLEOME PUNGENS.

THE GIANT SPIDER PLANT.

A robust plant, growing vigorously four to five feet high, unaffected by wind or weather, and flowering profusely and continuously for months. In fact, it is a perpetual bloomer, the spikes continuing to increase in size as the plant grows, until they reach upward of two feet in length. The flowers are very showy, bright rose color; grows froely from seed sown in the open ground, thrives luxuriantly, and blooms all summer, no matter how unfavorable the senson may be. It is also one of the best honey producing plants, and should be planted liberally by all bee-keepers. Pkt., 150 seeds, 4 cts. Pure white. Pkt., 100 seeds, 5 cts.

CHRYSANTHEMUM (OR FRENCH MARGUERITES).

Annual varieties much grown for cut flowers. The plants grow twelve to eightcen inches high and produce on long stems beautiful large flowers of many hright colors. They flower all summer in the gardea, and make elegant pot plants for winter flowering. Pkt., 100 seeds, 3 cts.

CHRYSANTHEMUM, (INODORUM PLENISSIMUM).

Although a perennial, it flowers ahundantly the first year from seed, each plant producing hundreds of beautiful, perfectly double, snow-white flowers; unsurpassed for bouquets. It remains in hloom all summer, and is ln all respects one of the handsomest and most valuable of flowers. Pkt., 100 seeds, 4 ots.

CHRYSANTHEMUM, (FANCY PERENNIAL).

From the hest Incurved, Pompone, Japanese, Chinese and Anemone—flowered varieties. Seeds sown in the hot-bed in February or March, or even April, will give plants that will bloom in August or September, and cannot fall, with proper care to give magnificent flowers in a wonderful variety of colors and forms. Pkt.. 50 seeds. 8 cts.

Mrs. Alex Bentley, Lincoln, Neb., March 7, 1899, writes.—It is with pleasure I send you my third order. The flowers I raised from your seeds the last two years were greatly edmired, and I never falled to inform my friends that they were raised and soid by a women. I wish ou continued success.

CAMPANULA, CANTERBURY BELLS.

Well known popular perennlals, producing hell-shaped flowers of many different colors very freely throughout the summer. Single Mixed, Pkt., 150 soeds, 3 ets.

CAMPANULA, DOUBLE MIXED.

Note —The seed saved from double flowers will always produce some single flowers, no matter how careful the selection. Pkt., 150 seeds, 4 ots.

Mrs. Margaret Hazel, Orlando, Fla., Sept. 25, 1809, writes: Have used your seeds for the last nine years in Florida and have had butter success with them than from any other.

Coleus,

COLEUS.

One of the best known and most universally admired ornamental foliage plants, in an endless variety of colors and shadings, indispensable for ribbon and carpet hedding, or as slagle specimens. Colous sced germinates easily, and success is as sure as with an ordinary annual. Pkt., 150 seeds, 5 cts.

COCKSCOMB, QUEEN OF DWARFS.

This is the best dwarf-growing Cockscomh; the plants only grow about eight inches high, are firmly set in the crown with well-halanced, large heads, ten to twelve inches aeross. They grow very uniformly and present an unusually solid effect in color, which is a rich, ruby red, of extreme brilliancy. Pkt., 100 seeds, 4 ots.

OOOKSCOMB.-Mixed. Pkt., 100 seeds, 3 ots.

DATURA CORNUCOPIA, "HORN OF PLENTY."

Discovered in Sonth America in 1892 by a collector of Orchids. The plant is of robust babit, with thick, dark brown-purple, shining stems. The branches are numerous, spreading three or four feet; thick, large, dark green colored leaves. The flowers are trumpet shaped, measuring eight to ten inches in length and five to seven inches across the month and form three distinct flowers, growing each within the other, the mouth of corolla is a most delicate white, heautifully marbled with royal purple. A single plant gives from 200 to 300 fragrant blooms during the season, followed by a large thorny seed vessel, which adds to its heauty; is of the easiest culture, plant at the end of May in a warm, rich soil; can be cultivated as an isolated specimen, in masses, for centers of beds, or to fill harren places, and produces a striking effect. Pkt., 15 seeds,

DATURA, OR TRUMPET FLOWER, MIXED.

Large branching plants, producing bandsome double and single trumpet-shaped blossoms, white, blue, yellow and lilac, of exquisite fragrance. The blossoms open during the night, remaining open one day and then perish. They bloom freely from seed sown in the open ground the first season, and the roots can be taken up and kept over winter. Pkt., 20 seeds, 3 ats.

Mrs. O. H. Mantor, Stoneham, Mass., May 13, 1899, writes:—I think your catalogue a gem, so pretty and so nicely arranged.

The Blue Daisy.

THE BLUE DAISY (AGATHEA CŒLESTIS).

The flowers are the very counterpart of the Paris Daisy, which is sky blue with a blue disc. It makes a very pretty object for summer decoration in the flower garden, of easy growth and the plant may be had in flower all the year round. It is allied to Cineraria, and requires about the same treetment. A fine winter bloomer. Pkt., 100 seeds, 4 cts.

DOUBLE QUILLED DAISIES.

Those pretty plants are seldom seen in our gardens in as greet abundance as they deserve to be. They should be grown in a shady and rather cool border. "Double Quilled" is a new strain, the flowers of which are composed of petals as round as a knitting needle; very pretty and curious. Pkt., 100 seeds, 4 ots.

Bernice Glesson, Gainer, Iowa, May 9, 1899, writes:—I realized solendid results from your Sweet Peas last summer, for texture and colorings, length of stem and wealth of blessoms, they were unexcelled.

Snowball Dalsy.

DOUBLE DAISY, BELLIS PERENNIS.

Dalsles are easily grown from spring sown seed and come into flower in a very short time. The flowers are white, plak, red and variegeted. Not all will come double from seed. Finest mixed. Pkt., 100 seeds, 4 ets.

NEW SNOWBALL DAISY.

A beautiful white flowered variety having very long stems with large double flowers, about 80 per cent. of which are extremely double. Pkt., 100 seeds, 5 cts.

Orange Daisy.

ORANGE DAISY (ERIGERON AURANTICA).

A heautiful perennial plant somewhat resembling an Aster, but having the ray-florets in several series; flower heads flat, about two inches across, bright orange color, on strong, stout stems. They are of very easy culture in common garden soil and form excellent subjects for mixed borders. In a moist, well drained situation, will flower the first senson if started early in the house. Pkt.. 100 soods, 5 ets.

Dollchos (Hyacinth Bean.)

Deiphlnium, or Larkspur.

DELPHINIUM, or Larkspur.

Well known annuals of great beauty and remarkable for the richness of their colors, and for large gardens are invaluable. Mixed. Pkt., 100 seeds, 3 cts.

DELPHINIUM, FORMOSUM.

A hardy perennial variety, flowers bright blue with a white center. Pkt., 100 seeds, 3 cts.

DOLICHOS, HYACINTH BEAN.

This heautiful annual climber should have a place in every flower garden. It is of very rapid growth. Pkt., 30 soeds, 3 cts.

DAHLIA, DOUBLE.

Everyone knows and admires the Doublo Dahlia, but comparatively few are aware that it can be grown so easily from scod and flowers, so beautifully the first season, that the purchase of bulbs is a needless expense. Choice mixed. Pkt., 40 soods, 4 cts.

DAHLIA, NEW STRIPED SINGLE.

The extra large single flowers, quite four inches in diameter, comprise a wonderful variety of colors, beautifully striped, flaked, mottled and dotted in a grotesque and charming manner. Pkt., 40 sceds, 3 ets.

DUTCHMAN'S PIPE. AUSTOLOCHIA.

A rapid growing olimber with curious purple flowers. Pkt., 15 seeds, 4 ets.

Mrs. Leuis Weiff, Chaska, Mlnn., April 15, 1899, writes:—The Cineraria seeds you sent us last year, came up very nice. We raised a number of piants and they bleemed this winter and are still in bleem. They are beauties:

Mrs. A. P. Benvallet, Wlehert, Ill., April 17, 1899, writes:—Seeds purchased of yeu inst spring enme up spiendidly, the Centuera Marguerite, Cebaca Seandens and Sweet Peas were very nice.

DIGITALIS, or Fox Glove.

A handsome and ornamental hardy perennial of stately growth for shrubberies and half shady places. Pkt., 300 seeds, 30.

DIANTHUS, OR CHINESE PINKS. BEST MIXED.

One of the most useful and desirable plants, and for beauty and variety of colors and markings cannot be surpassed, ranging from pure white to the most delicate pink and glowing deep crimson. A bed of those in the flower garden will make n grand display at small cost. The mixture I offer iacludes, besides the standard sorts, all the new and brightest colors in spotted, striped and handsomely fringed varieties of late latroduction, both single and double. I guarantee it will give satisfaction with any other strain offered. Pkt., 100 seeds, 4 cts.

DIANTHUS, OR CHINESE PINKS. GOOD MIXED.

Many distinct and beautiful marked varieties. Pkt., 100 seeds, 3 cts.

DIANTHUS, DWARF FIREBALL.

The most brilliant annual pink in cultivation; the plants are constantly covered with blood-red, perfectly double laciniated flowers until checked by severe frost. Pkt., 100 seeds, 4 cts.

DIANTHUS, DWARF SNOWBALL.

This heautiful dwarf variety belongs to the Heddewigii class of Dianthus. The plants are very compact dwarf growth and are covered with lovely, spotless, saow-white flowers, very full and double. From its dwarf growth it is very attractive for edgings, while the flowers are also very useful for cutting for bouquets. Pkt., 100 seeds, 4 cts.

NEW LARGE-FLOWERED DWARF DOUBLE HYBRID PINKS.

The plants grow only nine to ten inches high, with extra large double flowers, frequently measuring three inches across-of perfect form and brilliant colors, ranging from pure white to deep crimson, while many are beautifully variegated and fantastically marked. Blooming freely the first season. Pkt., 100 seeds, 6c.

DIANTHUS, PLUMARIUS. (Pheasant's-Eye Pink).

Diaathus, Plumarius, is the old-fashioned Grass Pink. It is perfectly hardy, blooms very profusely in early summer, and is admirable on account of its delicacy, showiness and fragrance. Its use either as a csmetory or garden flower is always satisfactory. Pkt., 100 seeds, 3 ets.

Hardy annual, growing about one foot high, hearing a profusion of rich yellow flowers about two inches in diameter, making a blaze of color in the sunshine and fully as valuable as the common poppy for garden ornamentation, and as easily grown. Pkt., 200 seeds, 3 cts.

Mixed colors. Pkt., 200 seeds, 3 cts.

EUPHORBIA HETEROPHYLLA, (MEXICAN FIRE PLANT).

The plants grow two or three feet high, with a branching, brush-like form, with smooth, glossy, fiddle-shaped leaves, which are at first entirely green, but about midsummer, at the end of each branch appear greenish-white flowers, enveloped lu beautiful orange-scarlet bracts, and the surroundlag leaves are either blotched with vivid carmine or are carmine with green tips. It is an annual plant, but should be started early so it will have sufficient time to develop its brilliant colors. Pkt. 40 seeds, 4 cts.

FUCHSIA, DOUBLE AND SINGLE MIXED.

Fuchsias are as easily grown from reed as cuttings, and from seed many new varieties are obtained. They will flower freely the first year in the open ground, while the plaats can be taken in the house in the winter where they will flower still more freely. The seed I offer has been saved from the very fluest double and single varieties. Pkt., 20 seeds, 8 ets.

CAPE FUCHSIA (PHYGELIUS CAPENSIS)

Plants bear from ten to twenty hold, long spikes, completely crowded with showy scarlet, drooping flowers. It is a good bedding plant, grown singly or in masses, Pkt. 50 seeds, 4 ots.

Forget-me-not, "Victoria."

FORGET-ME-NOT, "VICTORIA."

Of stout and hnshy habit of growth, bearing umhels of large, bright, aznre blue flowers, with central double blooms, and when fully grown is quite globular in shape and perfectly covered with flowers. This beautiful Forget-me-not is the best for carpet bedding, edgings and masses, and for growing in pots. Pkt., 100 seeds, 4 cts.

FEVERFEW DOUBLE, MATRICARIA EXIMIA.

A fine old-fashioned bedding plant; also suitable for potenitare, It grows about eighteen inches high, with numerous branching flower stems, and are literally covered with very double, pure white flowers an inch in diameter. The great profusion of fine flowers with long, slender stems, makes it valuable to grow for ent flowers and as desirable as a good Aster. Blooms until frost. Pkt., 200 seeds, 3 ets.

GERANIUM.—Apple scented. Leaves delightfully fragrant, highly prized for bouquets. Pkt., 30 seeds, 8 cts.

GERANIUM, FINEST MIXED.

The most popular plant grown. either for pot culture in winter, or for hedding out in snmmer. No flowering plants ere more grown, end certeinly none are more suitable for large beds, where a mass of bloom is desired, or for single specimens in pots for the house. But a few are aware that they can be grown easily from seed, end flower the first reason if sown early, and will froquently reward the enlitive tor with charming new varieties; in fact, propagation by seed is the only sure way to obtain new varieties. The seed I offer has been saved from twenty-five of the finest varieties grown, There can be no finer mixed Geraninm, and it cannot fall to bring forth some splendid new varieties. Pkt., 50 seeds, 10 cts.

GERANIUM.-Good mixed. Pkt., 30 seeds, 4 cts.

GLOXINIA.

The Gloxinia is a grand flower and mekes n lovely pot plant as easily grown and cared for es mnny of the common flowers. The handsome bell-shaped flowers embrace a great variety of the richest and most beautiful colors, ranging from pure white to dark, blood-red, pink, blush, lavender, indigo-blue, marbled and spotted. They will bloom in four to five months from time seed is sown. Pkt., 50 seeds, 8 cts.

GAILLARDIA, NEW DOUBLE.

Lurge, double flowers, valuable for catting. The colors embrace sulphur, golden yellow, orenge, amaranth and claret Pkt., 100 seeds, 4 cts.

GOURDS (ORNAMENTAL).

Teader, ananal climbers, with curiously shaped fruit in various colors, meny of which are peculiarly merked. Pkt., 25 seeds, 3 cts.

· GOMPHRENA (GLOBE AMARANTH).

A desirable everlasting, valued for its handsome globular flower heads. Pkt., 100 seeds, 3 cts.

ICE PLANT. MESEMBRYANTHEMUM.

A hundsome and curious plant, for hanging baskets, rock work and vases. The leaves and stoms appear as though covered with icy crystals and look like rock candy. The whole plent is peculiarly brilliant in the sunshiae. Pkt., 200 seeds, 3 cts.

IMPATIENS SULTANI.

This most distinct and benutiful plant is almost a perpetual bloomer. The flowers are of a brilliant rosy scarlet color, and are produced so freely that a fall grown specimen appears to be a ball of flowers, and continues in full beauty several months. Pkt., 20 seeds, 4 cts.

Mrs. Lettle Miekle, Boonesbore, Ia., March 8, 1899:—I ordered my first seeds from you in 1893, and have had the levellest flowers every summer. My Sweet Peac are grand. I wend not order from any other firm, as I can depend on every seed as you represent them, end promptness in sending order.

GAILLARDIA, SINGLE.

Vnluable aanuals; siagle mixed. Pkt., 100 seeds, 3 cts.

Godetla.

GODETIA, FINEST MIXED.

Beautiful hardy annuals, remarkable for the delicacy of their very fine large hlossoms; flowers deep rose pink, rosy; earmine, snow-wilte, with bright carmine rose spots, carmine erimson, lilae with purple and white. Pkt., 200 sceds, 3 cts.

HELICHRYSUM.

A very popular everlasting, large, full double flowers of various colors, from hright yellow to scarlet, shaded and tipped. Handsome bouquets may be formed of them for winter. If hiosoms are gathered when oa the point of expanding. Pkt., 100 seeds. 3 cts.

Alice M. Miller, Friesburg, N. J., April 3, 1899, writes:—I have gotten my seed of you for the past two years and they have always given entire suitsfaction.

nellotrope.

HELIOTROPE.

Heilotrope is a universal favorite on account of its delightful fragrance and duration of bloom, flowering equally well as bedding plants in summer, or as pot plants in the house during the winter. Seed sown in the spring makes fine plants for bedding out, and are as easily grown as Verbenas. Pkt., 100 seeds, 6 ets.

Humulus Japonicus.

HUMULUS JAPORICUS. VARIEGATED JAPANESE HOP.

One of the most rapid climbers grown, seed can be sown in the open ground in spring and it will attnin enormous dimeasions very quickly. The foliage is luxuriant and variegated. It is one of the best plants for covering verandas and trellies. Heat, drought and insects do not trouble it. Pkt., 30 seeds, 4 cts.

HOLLYHOCK, PRIZE DOUBLE,

The perfect donbieness of the magnificent, large flower will please the most critical. All the best colors from deep yellow, red rose, light buff, carmine scarlet, flosb color, creamy white tinted with rose, purple, yellow on dark ground, crimson flaked with snlmon, cherry red, cream on violet ground, lilac on brown ground, dark crimson to pure white, also black. If sown early in March or April the piants will bloom the first year. All colors mixed. Pkt., 50 seeds, 4 cts.

HELIANTHUS, SUNFLOWER. (Globosus Fistulosus)

The best and most effective of all annual sunflowers; flowers immense, from twelve to fifteen inches in diameter, globular and extremely double. For a hackground to a lawu or to hide ansightly places it is especially adapted. Of easy culture as well as showy. Pkt., 30 seeds, 3 cts.

HIBISCUS, GOLDEN BOWL.

This is a plant which grows about two feet high and begins to bloom early from spring sown seed, the enormous flower measuring five or six inches across, heautifully cupped and of the most exquisite, soft eanary yellow with a large black center. These benutiful flowers are borne lu great profusion all summer, and if the plants are potted hefore frost, will continue to bloom in the window all winter. Pkt., 30 seeds, 6 ots.

LAVENDER, OLD-FASHIONED SWEET.

A well known, sweet scented, hardy perennial bearing long spikes of blue flowers. Pkt., 100 seeds, 3 ots.

Linaria.

LINARIA (KENILWORTH IVY).

A very pretty and well-known hardy perennial trailing plant, for covering rock work, and very useful for hanging baskets. The flowers are small but pretty, and for a drooping plant nothing can be better, as it is easily grown from seed. Pkt., 100 soeds, 3 ets.

LINUM (CRIMSON FLAX).

Excellent for clumps or edgings and one of the best and most showy hardy abunuls for bedding. May be raised in any quantity from seeds sown in March or April, where the plants are lutended to flower. They are not at all fastidious regurding soil, doing well in any ordinary garden. Pkt., 100 scods, 3 ots.

Lobella, Star of Ischl.

LOBELIA.

A very valuable and beautiful class of mostly dwarf growing plants; their delicate drooping habit, and the profuelon of their charming little blue and white flowers, render them exceedingly ornamental for vases or hanging baskets and rockeries, blooming from June to November, while for border enlivation they are equally offective. Mixed colors. Pkt., 300 seeds, 3 cts.

LOBELIA. STAR OF ISCHL.

Of very dwarf erect growth, forming dense balls of charming azure blue flowers. Pkt., 200 seeds, 4 ots.

LOBELIA. WHITE GEM.

The best dwarf will to variety Pkt., 200 soods, 4 ets.

Lantana.

LANTANA.

Well-known shrubby plants, with clusters of verbena-like flowers, and producing their pink, yellow, orange and white heads in great abundance. They have an agreeable aromatic perfume. Mixed. Pkt., 30 seeds, 4 cts.

Gertrude J. Leiter, Chicago, Ill., Aag. 16, 1899, writes:— I convenies t please send me another '99 Cataloguo. Everyose that sees our gardes wast to know whore we get one seeds end when they see the catalogae they want it, and usually they take ours, so we have to trouble you very often for them. Our Verbeaus, Passies and Poppies are the weader of the neighborhood, they are so large and have such brilliant colors.

Mignonette, Machet.

MIGNONETTE, MACHET. (TRUE.)

An entirely new and distinct sort of great merit. It is of dwarf and vigorous growth, with massive spikes of deliciously scented red flowers. Pkt., 100 seeds, 3 cts.

MIGNONETTE, GOLDEN QUEEN.

Very fine variety, flowers of golden hue; highly effective; of dense pyramidal habit and deliciously fragrant. Pkt., 200 seeds, 3 cts.

MIGNONETTE, NEW GIANT RED.
The flower spikes are of the largest size, unequalled by any other variety, while the color is uniform and strikingly distinct red. Pkt., 200 socds, 3 cts.

MIGNONETTE, GIANT WHITE.

Similar to Giant Red in size of spikes, but in color pure white and is quite showy in growth; not as fragram as the colored varlitics. Pkt., 200 sceds, 3 cts.

MIGNONETTE, SWEET. (RESEDA ODORATA.)

A favorite on account of its fragrance. Pkt., 200 seeds, 3 cts.: oz., 8 cts.

Mimulus, Monkey Flower,

MIMULUS, MONKEY FLOWER.

Tender looking plants, with singularly shaped and brilliantly colored flowers, blotched and spotted in every concelvable mauner. Excellent for haskets or vases, while they thrive well in the open gardeu. Fiue hybrid mixed. Pkt., 100 sccds, 3 cts.

MIMULUS MOSCHATUS (MUSK PLANT).

A well known and favorite plant. Cultivated on account of the musky odor of the plant. Pkt., 100 seeds, 3 cts.

MIMOSA (SENSITIVE PLANT).

An Interesting and curious plant. The leaves will close and droop at the elightest touch. Mostly grown as a curiosity. Pkt., 12 seeds, 3 cts.

Miss Hattie E. Stickley, Walkerton, Ind., March 11, 1899:—From the seeds I notered last year, the Fanties, Red Verbena, thiness Pinks, Mignonatte, Sweet Almsum and Carnations could not be beaten in any way or by any other firm.

MARIGOLD, THE ELDORADO.

The large, bushy plants are each a ball of brilliast colors, many single plants having seventy-five flowers in bloom at one time. The flowers are from three to four inches in diameter, Impricated and perfectly double. They embrace four shades of color-the lightest primrose, lemon, golden yellow, and deep orange. Pkt., 100 seeds, 3 ots.

DWARF MARIGOLD, GILT EDGE.
The coater of the flowers is rich, velvety, deep black brown surrounded by a bright golden ring. The edges of the petais are slightly undulated which greatly adds to its pleasing appearance. Pkt., 100 seeds, 3 cts.

MARIGOLD, FRENCH MIXED.

A class of showy nad extremely effective plants, with fine double flowers of rich and beautiful colors; very well adapted for large beds and bordering. Pkt., 100 seeds, 3 ets.

MARIGOLD, LEGION OF HONOR. Dwarf Single.

The blooms are of medium size, rich golden yellow, with the center of each petal broadly marked with velvety crimson-brown, and with clustering stamens in bright slindes of orange-yellow. Blooms abundantly from July until cut down by frost. So ensity raised from seed that I strongly recommend it to everyone. Pkt., 100 seeds, 3 ots.

IMPERIAL JAPANESE MORNING GLORIES.

The Surpassing Charm of these IMPERIAL JAPANESE MORN-ING GLORIES lies in the Enterprising Beauty and Gigantic Size of the Flowers.

They measure from four to six inches across, and their greater substauce causes them to remain open much longer than ordinary Morning Giories. The colors of the flowers, shadings and marklags are limitiess, and are really wonders of nature, of such incomparable beauty that descriptions are inadequate. Pkt. Single and Double Mixed, 75 seeds, 6 ets.

TALL MORNING GLORIES. FINE MIXED.

Seed of the well known Morning Glory is so cheap, the flowers so bright, and the vines of such rapid growth, that it should be largely plunted to cover trellises und unsightly out-houses. All colors mixed. Pkt., 75 seeds, 3 cts.; oz., 8 cts.

MARVEL OF PERU, (FOUR O'CLOCK).

It is one of the most brilliant and showy plants that can be grown with little or no trouble. Finest mixed. Pkt., 25 seeds, 3 ots.

MARVEL OF PERU, DWARF CARMINE.

A very handsome compact, dwarf, bushy plant, with brillinnt carmine flowers. Pkt., 25 seeds, 4 ots.

MAURANDIA.

A benutiful, rnpid, graceful climber, for greenbonse, parlor, hasket, or out-door purposes, with rich purple, white and rose, fox-glove shaped hlossoms. Pkt., 100 seeds, 3 cts.

MINA LOBATA.

Half burdy Mexican climbing nnnunl. The buds are at first of vivid red, but turn to ornnge yellow immediately before they open, and when fully expanded the flowers are of a creamy white shade. Pkt., 12 seeds, 4 ots.

NICOTIANA AFFINIS.

When its large, pure white flowers are fully expanded in the evening and early morning, it has a most striking effect, and so fragrant that a small bed will perfume the whole surrounding atmosphere. If the plants are taken up in the full cut back and potted, they will be home freely all winter in the house. Pkt., 100 seeds, 3 cts.

NIGELLA, LOVE-IN-A-MIST.

Hardy annual, known as "Dovll-in-Bush" and "Lady-in-Groon," because the blossoms are partially concenled by the abundance of finely cut foliage. The plant and flower are both handsome, and require hut little care. Pkt., 75 seeds, 3 cts.

NOLANA.

Beautiful trailing plants, almost equal to the Portulaea for growing in masses, and ansurpassed for baskets, pots, vases or rock work. The flower similar in shape to a morning glory. Pkt., 40 seeds, 3 ets.

NASTURTIUMS, DWARF.

FINEST MIXED.

The host ever produced and not surpassed for gorgeousness of colors and hrilliancy of elfect, embracing every known good sort, including Anrora, Empress of India, Lady Bird, King Theodore, Pearl White, Ruhy King, New Brilliant, Yollow and Spotted King. In Dwarf Nasturciums I consider my special mixed the hest that money can huy; the price may appear high for this strain, but it is made up especially for critical buyers that have the money to spend for THE BEST ONLY. Dwarf Nasturthums now rank with Sweet Pons and Pansies as a favorite and fashlonable flower. Pkt., 25 soods, 4 ots.; oz., 12 ots.; X ib., 400.

DWARF NASTURTIUMS. GOOD MIXED.

The same grade as is usually sold, and very fine. Pkt., 20 seeds, 3 ots.; oz., 8 ots.

DWARF NASTURTIUMS, AURORA.

The ground color is a chrome-yellow, the upper petals being of a comewhat lighter tint, while the two lower petals are spotted and verned with purpl sh-carmine Pkt., 20 seeds, 4 cts.

DWARF NASTURTIUMS, EMPRESS OF INDIA.

The leaves are of a dark jurplish-blue color, making a suitable background or the brilliant crimsou-scarlet flowers Pkt., 20 seeds, 4 cts.

DWARF NASTURTIUMS, LADY BIRD.

The ground color of the flowers is rich golden yellow, each petal barred with a broad veln of bright ruby-crimson. Pkt., 20 seeds, 4 cts.

DWARF NASTURTIUMS, SPOTTED KING.

Rich orange spotted with maroon. Fki., 20 seeds, 4 cts.

NEW CLIMBING NASTURTIUMS, Madam Gunther's Hybrids.

A new section obtained by srtificial hybridizing, and distinguished by dark colored foliage and flowers of a richaess and variety of coloring not to be found in any of the different classes of Nasturtiums heretofore grown. Colors in these new hybrids include various shades of rose, salmon, bright red, pale yellow, etc., either self-colored or spotted, mottled, striped and margined. Pkt., 20 seeds, 5 ots.; oz., 12 cts.; ½ lb., 40 cts.

TALL NASTURTIUMS, FINEST MIXED.

I also offer a special mixture of the Tall, or climbing Nasturtiums, made up on the same basis as the Dwarf Variety finest mixed, from the best named and brightest colors only. Pkt., 25 seeds, 4 cts.; oz., 10 cts.

TALL NASTURTIUMS, GOOD MIXED.

Free bloomers and many hright colors. Pkt., 20 sceds, 3 cts.; ez., 8 cts.

ORNAMENTAL GRASSES.

All the annual varieties mixed, many of them being really bandsome in growth, and all of them desirable for winter bouquets, if cut while green and dried in the shade. Large Pkt., 4 ots.

(ENOTHERA, (EVEKING PRIMROSE).

Saucor-shaped flowers of various colore and enormous size, often as large as a Moonllower; very striking and fragrant. Pkt., 100 seeds, 3 ets.

OXALIS.

It is not generally known that these annual varieties of Oxalis are fully equal for edgings to the variety grown from bulbs. Mixed colore. Pkt., 100 seeds, 3 cts.

PASSION FLOWER, INCARNATA. (MAY POPS.)

Handsome rapid growing climber for greenhouse or sunny position in open ground. Flesb white with carple rays, blossoms first season from seede. Pkt., 20 seeds, 8 cts.

L. F. Werrell, Wagentewn, Pa., Jen. 25, 1899, writes:—I take this opportunity to inform you what luck I lied last summer in reising Geranium s from seeds cought of you. I have en that will be leady to bloom the summer. I emproud of them. I also raised two Lantanas from your eeds that will bloom this summer. I have four primroses in bloom at present, seedlings from your strein. Wishing you further success in the future.

Sweet Scented Pansles.

SWEET SCENTED PANSIES.

The Perfumo of the Vielet.

The Beauty of the Pansy.

This new class is the result of crossing the Pansy (viola trical r) with the Sweet Violet (viola cornuta); the resulting hybrids, in addition to retaining the delightful Violet Porfinne, produce the most beautiful Pansylike blossoms, 2 to 2½ inches across, of great substance end of an endless verlety of colors. They are not all equally fregrant, though the majority are as highly scented as the sweetest Violet, and the other high merits of this new strain, aside from their perfume, destine them to wide popularity. Mixed colors. Pkt., 100 seeds, 6 ets.

ROYAL SHOW PANSIES

Is a mixture especially prepared by myself from separate strains and colors of all the largest flowering and finest varieties that can be seemed in Europe, and is insurpussed in beauty, colorings and merking. Fkt., 50 seeds, 6 cts.; Pkt., 100 seeds, 10 cts.

BLACK PRINCE PANSY.

A distinct pansy of sterling morit. The rich, glossy black has a pocularly saft, velvoty appearance, the magaificont leave flowers a cef line circular form and carried upright well above the follage; the plants are of very compact, bushy hablt, and flowers opportusely that a bed of the Black Priace makes a sight not often equalled. Pkt., 100 seeds. E cts.

GIANT WHITE SPOTTED PANSY.

The flowers are very lerge, pure white with a violet blotch on the three lower petals, of good form and substance. Pkt., 100 seeds, 6 cts.

NEW RED MIXED PANSY.

The most brilliant Pensy Mixture ever offered, mede up from a collection of all the best red and flery shades which have been produced up to dete by the export Pansy Growers of Europe end America. If you want red pansies try this mixture. Pkt., 100 seeds, 5 cts.

PANSY.

GOOD MIXED. Fine for bedding, many rich colors. Pkt., 100 seeds, 3 ots.

GIANT YELLOW PRINCE PANSY.

The color is pure golden yellow, shaded canery sometimes with the three lower petels marked with purplish, or red blotches and hair lines. It is impossible to reproduce by meens of the printer's art the grand depth of brilliant color presented by this beautiful Pansy when well grown. Pkt., 100 seeds, 6 cts.

EMPEROR FREDERICK PANSY.

The first color is deep, velvety brown, shaded into a narrow band of deep golden yellow, which borders each petel. The perfect flowers show a distinct face marking a rich gold and deep brown. Pkt., 100 seeds, 4 cts.

FIRE KING PANSY.

This novelty comes almost ebsolutely true, scorcely e plant bearing flowers at veriance from the type, which is very distinct and striking. The three lower petels each have a large blotch of deep brown-red or magenta, margined with yellow, while the upper petals ere of a bright reddish-brown, of a real fiery shade, warranting the name FIEE King. Pkt., 100 seeds, 4 cts.

SNOW QUEEN PANSY.

Pure sating white with yellow dotin center of flower, sometimes merked near center with faint blue or purple lines; eltogether the leest picturesque of any of the different clesses of Pansies; it is very highly prized by a great many pansy lovers for just that reason. Pkt., 100 seeds, 4 cts.

METEOR PANSY.

Color bright canary yellow; the three lower petals are variously spotted with mehogany-brown, while the two upper petals vary from reddish-brown to dark purple, nurrowly margined with gold or sil/er. Pkt., 100 seeds, 4 cts.

PEACOCK PANSY.

A beautiful variety of ultramarine blue in the upper petals of the flower, edged with a thin white line, within which is a space of purplish crimson, passing lute a rich central blotch of deep blue, shading to black, named "Peacock" hecause the blending colors resemble the feathers of a peecock. Pkt., 100 seeds, 4 cts.

NEW IMPERIAL GERMAN PANSY.

This mixture embreces seed of over fifty colors and markings, and is guaranteed to equal any strein offered as Imperial Germen. Pkt., 100 seeds, 5 ets.

NEW GIANT TRIMARDEAU PANSY.

Remarkable for the extra large size of the flowers, which, however, are not so circular in form as the "Imperial German" or the "Royal Show." Pkt., 100 seeds, 6 ots.

NOTICE. One packet each of the fourteen varieties of Pansies for 55 ets.

PETUNIA GRANDIFLORA, LARGE FLOWERING.

The largest flowering and richest colored variety in cultivation. Single flowers frequently measure over five inches in diameter, rafiled a fringed on the edges and beautifully volued, with various shades of purple, rose, lavander, yellow and crimson. Pkt., 100 soods, 8 ets.

GIANT PETUNIA, CRIMSON QUEEN.

Immense flowers, four to five inches across, with fringed edges and deep veined throat. Color a beautiful rich crimson. Pkt., 50 seeds, 8 cts.

SINGLE PETUNIA, SNOWBALL.

Grows about eight inches high with pure satiny white flowers, and makes a beautiful edging or bedding plant. Pkt., 100 seeds, 4 cts.

NEW STAR PETUNIA.

An exquisite variety either for the garden or pot culture, each flower having distinct white, star-like stripes, on rich purplish-red ground. Pkt., 100 seeds, 4 cts.

PETUNIA, HYBRIDA. Finest Mixed.

A splendid mixture, embracing all colors. They are excellent for bedding or massing. Pkt., 100 seeds, 5 cts.

PETUNIA, HYBRIDA. Good Mixed.

Many colors and a good bedding variety. Pkt., 100 seeds, 3 cts.

PETUNIA, DOUBLE.

Finest varieties carefully feeundated with best double flowers, and will produce from twenty-flve to forty per cent. of double flowering plants. Some double, tringed in oll shades of colors existing in Petunies and the blossoms that come single will be of the grandifloin type. Pkt., 50 seeds, 10 cts.

PETUNIA, LADY OF THE LAKE.

Some magnificent double, pure white, benutifully fringed, can be obtained from this strain. Produces about twenty to thirty per cent. of double flowers. Pkt., 50 seeds, 10 cts.

Mrs. Minnie Swingle, Janesville. Ohio, May 16th, 1899, writes: The leads crived safely some time age, and a great many of them are up and doing fine. My Cobeas Scanders ore growing beautifully. The seeds we get of you last year and te year before gave preat satisfaction. The Columbirative a mass of bioom. Wishing you greet success this year.

Mrs. Otto Kielm, Kendaliville, Ind., July 21st, 1899, writes: My Conturen Marguerites blossomed in nine weeks after sowlag seeds, and every one that sees them has follen in iove with them. My Sweet Peas ero levely.

Phlox Drummondil Grandiflora.

PHLOX DRUMMONDII GRANDIFLORA.

Their long durntion in bloom, combined with their almost anequaled richness of color, renders them of invaluable service in the flower garden. The colors range in every conceivable shade; producing flowers twice the size of common Phlox. Pkt., 100 seeds, 4 ets.; Large Pkt., 200 seeds, 6 cts.

One pucket each of the entire collection of Phlox, 8 pkts., 25 cts.

PHLOX, LARGE FLOWERING BRILLIANT SCARLET.

A most effectual color for bedding. Pkt., 100 seeds, 4 cts.

PHLOX, LARGE FLOWERING, PURE WHITE. Lnrge, round flowers of splendid substance. Pkt., 100 seeds, 4 ets.

PHLOXES, "STARRED AND FRINGED."

These "Starred and Fringed Phloxes" are really eatitled to rank as a new race. In the Fringed Flowers the petals are partly fimbriated and partly three-toothed, in more than 20 distinct shades. In the Starred Phloxes the pointed central teeth of the petals are five or six times as long as the lateral caes and project beyond them like little spines, giving the flowers a starlike form. Pkt., 100 seeds, 4 ots.

PHLOX, HORTENSIA FLOWERED.

These are undonbtedly one of the haadsomest species of the Phlox family. The flowers are borne in large umhels, just like a Hydraugea. Pkt., 100 seeds, 5 ets.

PHLOX DRUMMONDII, GOOD MIXED.

Invalunble for bedding and cut flowers; an excellent strain. Pkt., 100 seeds, 3 cts.

PHLOX, DOUBLE FLOWERING.

A very desirable class. Flowers are double and seml-double and last much longer than those of the single Phlox. The wilte is especially valuable as a cut flower. All colors mixed. Pkt., 100 seeds, 5 cts.

PHLOX, NEW YELLOW.

Now yellow Phlox is a rich straw-yellow of warm and glowing tone, flowers extra large and flue form. Pkt., 100 soods, 6 ots.

PORTULACA, DOUBLE FLOWERED.

One of the most showy nad benatiful nanuals, with ahundant, highly-colored flowers. For haskets, heds, masses or edging it is invaluable. The seed I offer has been saved with extra care from the flaest colors and will give a good proportion of double flowers. Pkt., 300 seeds, 4 ets.

PORTULACA, SINGLE.

A great variety of colors mixed. Pkt., 300 seeds, 3 ets.

PRIMULA SINENSIS. (CHINESE PRIMROSE.)

Many persons seem to think Primules are succossfully propagated only in a greenhouse, hence wo find amntours often reluctant to nttempt their culture. They are unequaled as winter bioomers, easily grown, if the right conditions are observed, and give a succession of flowers throughout the senson, and ere prized for both the benuty and their delicate fragrance. Single fringed, finest mixed, pkt., 40 seeds, 8 ots. Good mixed, pkt., 40 seeds, 6 ots.

PRIMULA, Double.

Best mixed of all colors. Pkt., 20 seeds, 14 ots.

PRIMULA OBCONICA.

Primula Obconicn is as near an everblooming plant as It is possible to obtain. It has been known to liewer for over tweive months without a break. Pkt., 40 seeds, 5 ots.

THE MEXICAN PRIMROSE.

The superh colors, combined with airy grace and beautiful form, goes to make a flower which is almost perfection. The plant seldom grows over ten iuches in height, but inclines to a trailing habit, sweeping its branches out over the ground, or drooping over the sides of the pot, holding its large silky flowers erect, ns a window plant it combines great hardiness and ease of culture, with unrivaled heauty and profusion of bloom. In the open ground it grows freely and blooms profusely, will thrive well under nny and all conditions and bloom the year round in pots or during the spring, summer and fall in the garden. Pkt., 40 seeds. 6 cts.

POPPY, THE SHIRLEY. It is perfectly hardy and flowers the first season from seed. The flowers are large, exceedingly graceful and elegant; the colors are pure, soft and varied, and range from blush white rose, delicate pink and carmine, through innumerable tints to bright sparkling crimson. Pkt., 200 seeds, 4 cts.

NEW CARDINAL POPPY.

The plants grow about sixteen inches high, and are well furnished with deeply-cut, dark green folinge, which shows off the enormous double glowing cardinal-scarlet flowers. On close inspection, each of the perfectly fringed petals will be found lined with white, while on the hack of the flower a white Mnltese cross stands out in sharp relief. Pkt., 200 soods. 4 cts.

Mrs. Vorenn Smith, Le Mars. Iewn, Jan. 16, 1899, writes:—I have bought seeds from you for the past six years and must say am perfectly satisfied with them. Our Sweet Peas and Pansies have been the largest and most beautiful of any in our town. Wishing you a long life of presperity.

DOUBLE POPPIES MIXED.

For duzzling richness and variety of colors, the flowers are unequaled. Simply scatter the seeds in the open ground and a mass of heanty will result which will be a constant source of pleasure. Pkt., 200 seeds, 3 ets.

ICELAND POPPIES.

These fine percunial poppies produce flowers in grent ahundance the first year from the sced. The colors range from the purest white and yellow to the deepest glowing orange scarlet, and linve a delicious fragrnuce. For vose or house decorations they rnuk nmong the loveliest. Mixed colors. Pkt., 100 seeds, 4 cts.

Ricinus Zanzibariensis.

RICINUS ZANZIBARIENSIS.

An entirely new class from Africa, with leaves often measuring two feet across; the seeds are marbled, speckied and spotted. Pkt., 6 seeds, 4 cts.

RICINUS, CAMBOGIENSIS.

Lerge, palm-like leeves of a brillient, bronzy-red maroon color, with large red veins. Pkt., 6 seeds, 4 ets.

RICINUS, CASTOR-OIL BEAN.

Many choice varieties mixed. Pkt., 6 seeds. 3 cts.

New Dworf Rose.

ROSE, MULTIFLORA TRUE.

Reses From Seed, Bleoming in 60 Days.

With seed of these new Roses plants may be had in hisom in 60 days from time of sowing. Plant at any time. They graw quickly and flowers appear in large clusters, and in such quantity that a plant looks like a bouquet. Perfectly hardy in the garden where they bloom all summer. In pots they bloom both summer and winter. Fram a packet of seed one will get Roses of various colors—white, pink, crimson, etc.—no two alike and mostly perfectly double end very sweet. Pkt., 30 seeds, 8 cts.

Marguerite L. Gibson, Salem, N. J., March 20, 1879, writes:—I got my Swest Pea seed from you last year, and a more perfect or handsomer assortment of Sweet Peasthan I had, it would be hard to find. They bloomed all of the time until the hard frost came, and I have some in a south window in the hones now

SENECIO ELEGANS.

A beautiful free-flowering annual, dense heads of bloom and is of a very compact and regular habit of growth, and when planted close together make an effective bed, as the flowers completely cover the plants. The flowers of a fine lustrons purple—red, bright crimson, rose colored and pure white, perfectly double and imbricated; very valuable for bondnets.

Pkt., 100 seeds, 3c.

SMILAX.

One of the most desirable window vines on account of its ebarmiag.glossygreen elegant and graceful foliage, and will grow several feet high the first season. Started in the spring it affords elegant trellis plants for the house in winter: also fine for langing bnskets. Pkt., 50 seeds, 4 cts.; ½ oz., 18 cts.

Saipigiossis,

SALPIGLOSSIS, GRANDIFLORA.

The graceful flowers, horne on long stems, range in color from the most delicate slandes of light blue and straw color to the deepest purple and richest brown and marcon. The quaint funuel-shaped flowers somewhat resemble those of the potuals, and are borne on long stems in great profusion. The metallic gloss and distinct veining of the potule present almost the appearance of jeweled enamels. Large Flowering mixed. Pkt., 150 seeds, 3 cts.

SWEET ROCKET (HESPERIS.)

The Sweet Rocket produces clusters of flowers which are very fragrant during the evenlug. The seed rapidly germinates in the open ground with very little cure. Hardy percantal, one and a half feet high. Pkt., 100 seeds, 3 cts.

Miss Stella Scoffold, Ortonville, Minn., Feb. 25th, 1899, writes:—I wish to say I was much ploused with the seeds obtained from you last year. The Nesturtiums and Asters were expendedly fine

Scarlet Sage.

SCARLET SAGE (SALVIASPLENDENS)

One of the grandest plants in cultivation—a bed of them surpassing the fiaest scarlet geraniums in brillinney and coutinuous bloom; the lower spikes often measure ten to twelves inches in length, and there are as many as two hundred spikes on a well grown plant. From the time they first begin to flower, the plants are never out of bloom until killed by late frosts. It is easily grown from seed and the purchase of plants sbould be abaudoned. Pkt., 30 seeds, 4 cts.

SALVIA FARINACEA.

The plants form dwarf, compact bushes, with long spikes of beautiful blue flowers, which makes a charming contrast when grown with the scarlet described above. Pkt., 40 seeds, 4 cts.

Largest Flowering Stocks.

STOCKS, TEN WEEKS.

The Largest Flowering Globe Pyramidal.

Immense spikes of perfectly donble flowers, pyramidal in shape, the individual blooms frequently measuring from 2 to 2¼ inches in diameter, ranging in colors from crimson, rose, white, bline, lilac, brown and yellow. They are greatly prized for cut flowers on account of their fragrance and diversity of colors. Pkt., 50 seeds, 4 cts.

STOCKS, DWARF GERMAN TEN WEEKS. Fine mixed. Pkt., 50 seeds, 3 cts.

STOCK, WHITE PERPETUAL

(Princess Alice.)
The individual flowers are uncommonly large, of a fine, rosettalike shape, and of the purest possible white. If sown early will
produce a grent abundance of bloom from June until November. Pkt.. 50 seeds, 5 cts.

STOCK.

Peach Blossom.

The plants are of neat pyramidal habit of growth crowned with magnificont heads of beautiful shaped, perfectly double sweet scented flowors of a delicate peach blossom color. For boanty and long continuance of bloom, it is unsurpassed; and the delightful fragrunce readers it very desirable for honquets, etc. Pkt., 50 seeds. 4 cts.

Miss Lucy B. Smail, No. Chesterville, Maino, writes:—I wish you could see my Aster and Pansy beds, they are beautiful. I planted a paper of Royal Show Pansics centaining 60 seeds and 48 of them grow, and all the other seeds cama up accordingly. I shall niways buy my seeds of you.

SCHIZANTHUS.

(BUTTERFLY FLOWER).

Elegant and very free blooming annuals; of much interest and beauty, and when well grown rival in singularity of colors and markings of the orchids, large flowers shotted with crimson, tilac, purple and yellow, and the petals are ent in a picture squa manner. In pots in the conservatory or honse few plants are more attractive; also elegant in a houquet or vase, and fine for hedding. Pict., 150 seeds. 3 ots.

NEW DWARF PINK CUPID SWEET PEA.

PINK CUPID bears generally three and sometimes four flowers to a stem. The illustration above was necurately engraved from a photograph, exactly natural size. The flowers are identical with the tail-growing Blanche Ferry and are always fully equal in size. The standard is a bright rose pink, while the wings are pure white or light pink. It will be without a rival no a bedding and border annual, for its color and fragrance make it a rare nevelty. Pkt., 50 seeds, 6 cts.

THUNBERGIA (BLACK-EYED SUSAN).

Vory elogant, slonder growing climbers, rapidly covering whre trailises, and also useful for vases in the garden or house. The colors are pure white, light yellow and deep orange. They continue in flower all summer. Mixad. Pkt., 20 socds, 3 ots.

SWEET PEAS. BEST NEW MIXED.

Owing to a special demand for all the new and finer named varieties, I have selccted all the large flowering and most distinct sorts, especially for those that can afford to pay for the scarce and rarcr varieties that boretofore bave been too expensive to include in a mixture, including in all some twentyflye or thirty named varicties. This I call my BEST MIXED and I can particularly recommond it as extra choice and fine. Pkt., 100 seeds 5 cts.; oz., 10 cts.; 1/4 lb., 25 cts.; lb., 90 cts.

SWEET PEAS.

This strain, all-hough not ombracing the new seculings, contains n beautiful assortment of the famous ECKFORD SWEET PEAS. Pkt., 100 seeds, 4 cts.; oz., 8 cts., ¼ lb., 20 cts.; lb., 65 cts. NEW DWARF WHITE CUPID SWEET PEA.

Grows but five inches high and blooms so freely for months that it appears a perfect mass of white—the leaves being quite hidden. The flowers, of fine form and large size, are of the most perfect white, and the plants remain in full bloom two months longer than nny other Sweet Pea. Useful for bedding. Pkt., 75 seeds, 5 ets.; oz., 12 ets.

SWEET PEAS. GOOD MIXED.

Pkt., 75 seeds, 30; 0z. 60;. 4 lb., 15 cts.; lb., 45 cts.

Double Sweet Peas.

NEW DOUBLE SWEET PEAS.

Donble Sweet Poss are of incomparable beauty. The plants are of extremely robust growth, producing n lavish profusion of richly fragrant flowers; the flowers are stra large, frequently measuring over two inches across. They will not all come double, but if the plants are grown strong and luxuriant, they usually produce from 20 to 40 per cent. of double blossoms. Pkt., 100 soeds, 6 cts.; ez., 10 cts.

PERENNIAL PEAS, (LATHRYRUS).

They do not have the delicious fragrance of the Sweet Peas, but they are equally as beautiful. They are perfectly hardy and live year after year bearing magnificent clusters of flowers and bloom early in the spring. Pkt., 25 soods, 3 cts.

Mrs. Fred White, Carkny, Manitoba, March 7, 1899:—The Nasturtiums I got from you last year done wonders, I had thousands of blossoms

APPLE BLOSSOM-Bright, rosy pink standards, blush wings. Pkt., 50 seeds, 3 cts.; oz., 8 cts.

BLANCHE FERRY-Beautiful combination of pink and white, very fragrant. Pkt., 50 seeds, 3 cts.; oz., 8 ets.

BLANCHE BURPEE—Pure white, extra large flowers. solected stock. Pkt., 50 seeds, 3 cts.; oz., 8 ots.

BLUSHING BEAUTY-Very fine and extra large; rich, soft, fleshy rose. Pkt., 50 seeds, 3 cts.; oz., 8 cts.

BOREATTON—Doop dark, maroon blossoms, rich and volvety. Pkt., 50 seeds. 3 ets.: oz.. 8 cts.

BRONZE KING—Very novel and unique. Standard of a curious terre-cotta tint, supposed to be bronze; wings ivery white. Pkt., 50 seeds. 3 cts.: oz., 8 cts.

BUTTERFLY-Standards and wings white, faintly suffused lavender; entire flower edged with blue. Pkt., 50 soeds, 3 ets.; ez., 8 ets.

A new variety with elegant double black-purple flowers—so deep in color as to appear nearly coal black. Pkt., 50 seeds, 4 ets.

SCABIOSA. - Mixed double, all colors. Pkt., 75 seeds, 3 ets.

Violet.

VIOLET (VIOLA).

The Violet should not be wanting in any garden, on account of its fragrance and early appearance. A single flower will perfume a whole room. Succeeds best in a shady, sheltered place, and can be easily increased by dividing the roots. Finest mixed. Pkt., 100 seeds, 4 cts.

VINCA ROSEA.

A free flowering perennial, with glossy green foliage and beautiful circular flowers of a fine rose color. If sown early under glass, and transplanted in a warm situation, will bloom in the sumner and autumn, and may be potted for the house before frost.

Pkt. 100 seeds, 3 cts.

Mammeth Verbena. MAMMOTH VERBENA.

Fiowers of unusual size, single flowers sometimes being as large as a twenty-five cont piece, while the clusters of bloom are magnificent, and the range of color more vivid than in any other mixture. For garden beds or massing the Verbena is unrivaled; flowers of the most brilliant color, blooming continually from spring until late in the autumn. Although perennials, they bloom profusely the first season from seed. Pkt.. 100 seeds. 6 cts.

PURE WHITE VERBENA.

(CANDIDISSIMA.)

A fine strain of large flowering, pure white Hybrid Verbona; trusses large and borne freely at all times; always comes true from seed. Pkt., 50 seeds, 4 cts.

STRIPED VERBENA.

Very shewy striped flowers of many bright colors. Pkt., 75 seeds, 4 cts.

DEFIANCE VERBENA.

True, brightest scarlet. Pkt., 50 seeds, 4 cts.

VERBENA HYBRIDA.

Fine mixed, from a splendid range of colors. Pkt., 75 seeds. 3 cts.

VERBENA ODORATA.

This levely Verbons is hardy; seed may be sewn in the open ground early in the spring. The blossoms, instend of being in clusters, ran up into spikes three or four inches long, and is very sweet scented. Pkt., 75 seeds, 3 ets.

LEMON VERBENA.

This elegant, fragrant plant is easily grown from soed and succeeds anywhere. Have a good bed of it in the garden over summer, that you can cat its regrant foliage and flowers to make up with houquets. Pkt., 100 seeds, 4 ets.

WALL FLOWER SINGLE PARISIAN.

Waiiflowers are the most deilclously fragrant of all gardon flowers; their cultivation has been restricted, however, because they did not bloom until the year after the seed was sown; this new annual variety will hower throughout the summer and fall from seed sown the same spring. Every one should now grow some and only the pleasing fragrance of the chuamon-colored flowers. Pkt., 75 seeds. 4 ets.

WALLFLOWER. DOUBLE, MIXED.

Spikes of deliciously fragrant dombie ilowers, combining many shades of coior, chocolate and orange-purple prodeminating. Pkt., 50 seeds, 4 ots.

Now Glant Zinnias.

NEW GIANT ZINNIAS.

A new class of Zinalas, giant in size and perfectly double flowers of the richest and most varied colors and shapes. The plants grow about three feet high and bloom freely during a long period, making them particularly valuable for large groups. Pkt., 50 seeds, 5 cts.

ZINNIAS, DOUBLE LILLIPUT.

Dwarf, compact hushes, hearing very small, perfectly double, pompon-shaped flowers of the brightest colors, which cover the plant during the entire summer and until frost sets in. The flowers embrace a wide range of both light and dark colors, evenly distributed. Pkt. 50 secds. 6 ots.

ZINNIA.

Choice double mixed. Pkt., 50 seeds, 3 cts.

A Beautiful Lawn
